THE TIME HAS COME FOR A NEW POLITICAL PARADIGM A Candidate Unlike Any Other in the History of the United States

I am a citizen running for the Office of President ... reporting to the People rather than a Party

- > I will *not* be constrained by a Party platform that inhibits me from considering every reasonable alternative
- > I will *not* have to waste time fund-raising for a Party
- > I will *not* have to waste time campaigning for any other candidates, who should be able stand on their own
- > I will *not* have to provide White House "access" or make political appointments to repay Party favors ... decisions that should be based on merit

I will run a campaign that is insulated from the influence of money

- > I will *not* accept money from corporations, unions or other special interest groups either directly or *indirectly* through PACs or other Campaign Committees
 - > I do not need a law to tell me that entities that do not have the right to vote *should not* have the right to influence the political process
- > I will *only* accept campaign contributions from eligible voters
- > I will cap individual contributions at \$100 to offer a level of participation that *anyone* can afford and to eliminate *any* opportunity to exert undue influence
- > I will run a fiscally responsible campaign because the Presidency should not be for sale
- > I will donate any residual balance of campaign funds to the following charities:
 - > St. Jude Children's Research Hospital to help children who suffer from catastrophic illness
 - > The Dreyfuss Initiative to help revive, elevate and enhance the teaching of civics in the United States, and
 - > Wounded Warriors Project to honor and empower those who have sacrificed so much on our behalf

I will be a FULL-TIME President ... serving the People for four full years

- > I will treat the office with respect rather than as an opportunity for personal or political gain
- > I will make a four-year commitment to WORK because turnarounds take time and our Nation is worth it
- > I will *not* waste time traveling if I can leverage communication technologies instead
- > I will *not* waste time making speeches, fund-raising or campaigning for others because I have no Party obligations
- > I will *not* waste time and money running for reelection ... because that's *not* part of the Oath of Office
 - > I will have established a four-year record upon which *you* can decide whether I merit an additional term

I will provide a new kind of leadership

- > I will enter the Office of President of the United States knowing the challenges and accepting the responsibility
- > I will focus on fixing the problems rather than fixing the blame
- > I will honor the Oath of Office in which I will swear to "*preserve, protect and defend the Constitution*"
- > I will help define our Nation's problems, identify their cause, evaluate the alternatives, and execute the best solutions
- > ... and I will not wait until my Inauguration at noon on January 20th, 2013, to begin to have an impact

Our country needs help, and it needs it *now!*

This is an open invitation to President Obama and every other individual, who has declared his or her candidacy for the Office of President of the United States, to begin working with me now to solve our Nation's challenges and reestablish the validity of the phrase: American Exceptionalism.

QUESTION OF THE DAY: Do you focus on the concept of income tax, or do you recognize all forms of taxation?

*"The most insidious tax is the 'Ignorance Tax'... the debt, fines, fees and inflation created by Government that voters seem to ignore."
